ROYAL

BAKING POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, softness and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low cost, short-weight, adulterated goods, sold only in cans. ROYAL BAKING POWDER CO., 106 Wall Street New York. Ad.

Mat. McCabe, of New Brunswick, Ill., offers to pay five dollars to any person troubled with bloody flux, who will take Chamberlain's Colic, Cholera and Diarrhoea Remedy according to directions and does not get well in the shortest possible time. One half of a 25 cent bottle of this remedy cured him of bloody flux, after he tried other medicines and the prescriptions of physicians without benefit. Mr. McCabe is perfectly safe in making this offer, as more than a thousand bottles of this remedy are sold each day and it has never been known to fail in any case of colic, cholera morbus, dysentery, diarrhoea or bloody flux, when the plain printed directions were followed. For sale by G. C. Thaxter.

FOR SALE: Eight head of cows and heifers of fine breed, also one Jersey cow with calf. Apply at this office or to J. T. Savage, V. & T. R. R. j 22 1w

How Can Parents

allow their children to cough and strain and cough and strain say: "Only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedie, Druggist.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

Already much repair work is being done on dwellings in this city. Our people are putting their houses in order for a tough winter, which, it appears to be conceded by general consent, we are to have.

The new residence of Jack Elliot is very handsomely painted inside. Each room is painted a different tint, with trimmings and paper to match, and the work reflects great credit on Jim Meder the artist.

Chicago will probably have one of the finest libraries in the world in the course of a few years. Mr. W. L. Newberry, one of the earliest residents, left \$250,000 for the purpose, and a temporary building has been used for some time. It is now intended to erect a magnificent edifice capable of holding 300,000 volumes.

THIEVING COYOTES.—THE APPEAL is informed that the coyotes are increasing very rapidly in the vicinity of Carson. It is estimated that there are no less than twenty of the "varmints" in the hills back of Raffetto's ranch. For some time the pesky thieves have been committing numerous depredations. O. Schulz has lost three sheep by them, Mr. Dobbs is out 25 chickens, a Mrs. Smith, who lives just outside of town, will never again behold 50 of her choice fowls, while Mr. Foley, who resides near Rosser's slaughter house, last though not least, has lost 75 or 80 chickens, mostly adults. A coyote likes nothing better than a nice fat hen with a pullet on the side, (in-side), and as Clem is gone the loss of the chickens cannot be placed there. But seriously speaking, if things keep on this way and the coyotes continue to increase, the surrounding ranchers will have to combine and institute protective measures for the mutual benefit of all concerned. An old hunter suggests that they procure a few fox hounds, which, in conjunction with a greyhound or two could exterminate the noxious animals in a short time. He says that the stag hound, such as the Vail brothers exhibited at the last fair, would be inadequate to the purpose, as the coyotes snap and bite them so as to render them exceeding wary after two or three encounters. The greyhound is swifter and is also something of a snapper himself. After a greyhound has run down a coyote he will snap and bite him, then jump over him and returning bite him again. This has a tendency to make the coyote very tired, and he is soon easy prey for the fox hounds in attendance. As the bounty of 50 cents per head seems insufficient to induce men to kill them to any great extent the hounds will have to be resorted to, unless the State concludes to enlarge the bounty.

VIRGINIA CITY SPORTSMEN.—A private letter from J. T. Davis, in which was inclosed another letter giving an account of the slaughter of young ducks at Washoe Lake by Virginia City sportsmen, was received here last evening. It is a shame that the young ducks, many of which are unable to fly, cannot be protected from Comstock sportsmen, who seem unable to kill a bird after it is able to fly.

A DANGEROUS WAGER.—Blondin has accepted a wager of \$4,000 to walk on a cable stretched from the Eiffel Tower to the dome of the main Exhibition Building in less than five minutes.

Archie Farrington has gone out to take possession of Cero Gordo mines, recently purchased.

The APPEAL acknowledges the report of the State Weather Service for the month of July.

COAST NEWS.

Six of the participants in the fight last Sunday, at Yon Bet, Nevada county, nine miles east of Grass Valley are charged with murder.

The Pacific Coast Steamship Company's steamer Umatilla ran aground Tuesday morning at Brown's Point, opposite Tacoma, just as the tide had turned, under a full head of steam.

The evidence is more than sufficient in the case of Walter D. Burlingame, the defaulting Treasurer of Socorro county, N. M., to hold him for trial. His chances for Penitentiary are thought to be sure.

Clarence Gates, aged six years old went swimming in a ditch near Fresno Tuesday. After coming out of the water he ran after a little pig, when an old sow attacked the boy and lacerated him in a terrible manner. Twenty stitches were required to close his wounds. The boy may recover.

Charles A. Fisher, a traveling salesman for Kohler & Froling, wine merchants of San Francisco, committed suicide by shooting himself with a revolver at the McDermott Hotel in Butte, M. T., Monday night. He was a member of the Bay City Lodge, No. 166, F. and A. M., San Francisco. Poor health is the reason given for the act.

Judge W. L. Pierce of Department Three of the Superior Court was shot in the back at San Diego Tuesday and seriously wounded by W. S. Clendennin, a rancher in the Valley de las Viegas. A decision regarding the possession of a child, which was rendered in favor of his wife, from whom he was divorced, incensed Clendennin, and while brooding over his loss he met the Judge and shot him.

Further advice from the wreck near Benson, A. T., published in the Bulletin's dispatches Tuesday, prove beyond doubt that a fiendish attempt was made to wreck the train for the purpose of robbery. Three bolts and seven spikes were removed from the rail. The Southern Pacific Company has offered \$1,000 reward for the arrest of the parties concerned. Footprints and horse-tracks were seen leading from the scene of the wreck.
